+

Canvas Cluster
Signature Package

*3 13x10's
and 1 20x32
Overall Wall Space 34x32
with 1" between canvases*

GIVING BACK MINISTRIES

JONI AND FRIENDS DISABILITY MINISTRIES

Family Retreats are a place where children with disabilities and their families get away and enjoy the fellowship of others who face similar situations. Compassion and acceptance are just a small part of this amazing camp. Mud slides, zip lines, camp fires, talent shows, power swings, and much more are all made accessible to those with disabilities as well as their families.

Each summer I am blessed to be able to attend camp as a volunteer and through my work capture all the smiles and laughs and hugs. All week long I get to meet amazing people who inspire me in my work. I capture these moments and then during closing ceremony present the campers their week in "video".

I also partner with Joni and Friends by giving of my services for special events like Joni and Friends Day of Pampering, benefit auctions and just about whenever they need me.

WATER STREET MINISTRIES

I believe deep in my heart that every mother truly deserves pictures of her children. For many of us this is something we routinely do to remember our children during certain stages of their lives. For some mothers, this is a financial impossibility.

Those mothers and their children who spend time at the Water Street Ministries, a homeless shelter, are truly no different in the eyes of the Lord than you and me. But for many, they have never had a family portrait taken nor can even afford school pictures for their children.

For four families each month I make this financial impossibility a reality. Each family receives a free mini session which highlights the family, siblings and each child.

Because of your partnership with Life's Joyful Expressions each mom receives at no cost a complete portrait package.

So I thank you!!

COMPASSION INTERNATIONAL

Life's Joyful Expressions sponsors a child through Compassion International and always selects a child with a disability. In my letters to my child, I stress the importance of education. I encourage the child to think of college as not something that happens to others but as something that can happen to them. If accepted to a higher education University in their country, Life's Joyful Expressions continues to support their learning by offering a complete tuition and room-and-board scholarship for up to three years.

This is only possible because of your support.

'When you help one person you no doubt affect their life; If you affect their life, you will no doubt affect their family; And when you affect their family, you will affect their community too.' ~holly
